BICOTTURA/ DOUBLE FIRED

Isla

Il portfolio Isla esprime semplicità. La collezione si estende su delle tinte ad effetto legno, calde e fredde con un'integrazione particolare di un fondo vintage a riproduzione di un effetto legno sbiancato e consumato dal tempo, affiancato da un decoro cementina blu multicolore.

The Isla portfolio expresses simplicity. The collection extends to warm and cold wood-effect colours with a particular integration of a vintage background reproducing a bleached and time-worn wood effect, flanked by a multicoloured blue cementina decoration.
